Emerald Gas Mask
Half Face Gas Mask
Emerald Gas Mask
Half Face Gas Mask

Impertech is a leading one stop shop for Respiratory protection equipment for both civilian and military teams. The Emerald Half Mask is known for providing an immediate and effective solution to the struggle against biological threats, including the corona (Covid19) virus, in particular. The especially developed anatomical structure integrates advanced substances and a state-of-the-art filtering system, enabling sealing and absolute protection during continued strenuous physical activity.

For us, at Impertech, the production of non-perishables is a way of life. The Emerald was developed as a reusable mask that can be disinfected easily after use.

Main Features & Advantages
The highest efficacy with screening of particles up to 3.0 μm.
Reusable (resistant to disinfectants such as the various types of alcohol).
Maximum sealing.
Durable over time.
Comfortable and flexible during the most complex actions as well.
The ergonomic structure is adjustable to all facial contours.
The design has been adapted for optimal use together with glasses and protective goggles.
Made in Israel.
Possibility to connect an integral blower for improving protection and maximal comfort for the user.

Uses
The Emerald Mask is especially adapted for use by:
The police and law enforcement forces
Security forces
IDF — Israel Defense Forces
Medical teams
